Brussels, 29 April 2015

Dear President,

It is with great pleasure that we read about your election as President of the Order of Physicians of Albania.

The CPME and its members consider the Order of Physicians of Albania as valuable partner to share knowledge and bring together results, always with the common interest of ensuring the best possible quality of health, access to healthcare for everyone and a strong, independent medical profession at European level.

We do look forward to a continued co-operation between the Order of Physicians of Albania and the Standing Committee of European Doctors and hope to welcome the Albanian delegation at our next meetings which take place in Reykjavik on 21-23 May 2015 and in Brussels on 29-31 October 2015.

Cordially,

Dr Katrín Fjeldsted
CPME President

RA Birgit Beger
CPME Secretary General
